THE above Company offers all the advantages usually granted by other companies, together with some peculiar to itself.

It is the only truly mutual company in the South. All profits are divided among its policy holders annually. No stockholders to absorb any portion. Dividends paid in cash at the end of the first year.

It is more tiberat than any Comyany in this, that all policies are non-forfeitable after the payment of one annual premium, and no violation of the conditions of the policy (save fraud, or attempted fraud,) can destroy its surrender value.

Its affairs, in every respect, are managed with the greatest prudence and economy. Nearly \$60.000 received during its first fiscal year, (11th November.) and only \$2.000 paid out on "death claims," in the same time—being less than four per cent of same, and less than \$1 to each \$6.000 at risk.

Such management gives much better assurance of future athility and rest the

less than \$1 to each \$6 000 at risk.

Such management gives much better assurance of future stability and profit than the mere statement and premises of agents of companies not so conducting their business, no matter how large the amount of their business or assets.

By assuring in this Company your premisms paid will be under the management of men of well-known ability and integrity at home, and not sent off to return only at your death. The State is annually drained of hundred of thousands of dollars by premiums paid to companies out of the State.

Good Health---Long Life.

Good Health---Long Life.

THERE is a difference between good blood and bad blood—a difference of Life and Death. Bad blood is full of humors, producing corrupt Sores, Ulcers, Boils, Carbuncles, Spots, Blotches. These are indications of a diseased condition of the system and unless removed, will prey upon the body and make it a diseased and loathesome thing of flesh. Without pure blood no flesh is free from disease. The Pale and Shrunken Forms, Yellow Faces, Weak Stomachs, Diseased Livers, Crippled Rheumatics, Nervous Hypochondriacs, Dyspeptic Victims of Headache so common in this country, is owing entirely to the humors of the blood.

HEINITSH'S QUEEN'S DELIGHT is the only sure medicine. 20,000 bottles sold at home bespeaks for it a popularity unexampled in the history of medicine. For purifying the Blood and invigorating the Liver, no better or cheaper medicine has ever been discovered. Heiniteh's Queen's Delight is a Purifier of the Blood and an Invigorator of the Liver, two things essential in preserving Health and in curing Disease. It invigorates the Liver and cures all disorders of the Stomach and Bowels, purifies the Blood and repairs the waste of the Body, imparts Strength and gives Vigor to diseased and enfeebled systems.
